List highlights in the Local Area, such as new initiatives, collaborative partnerships, etc.

Local Area II held collaboration meetings in each of their Workforce Centers with the local Adult Basic Education (ABE) providers to promote referrals and streamline services. Collaboration meetings will continue on a quarterly basis.

HWI administrative staff assisted in the planning and organization of the Representative Lynn Jenkins Job Fair in Topeka. Local Workforce Center staff assisted the fair attendees. Over 800 job seekers attended the event.

A Denmark based producer of wind turbine components expanded their business to Junction City and is using the Workforce Center for their hiring needs. This employer also has facilities in Pensacola, FL. They hope to hire 15 production workers by the end of this year and up to 120 employees over the next 2-3 years.

HWI used our remaining funding from last year's Summer Youth program to place over 45 low-income youth in jobs for the summer. They reside in 10 of our 17 counties and are working for 37 different employers who are located in 9 of our 17 counties. Considering our extremely limited budget for a 2010 summer jobs program, we are pleased with the amount of outreach. Youth started at their worksites on June 7th and have the opportunity to work 240 hours over the summer, at a rate of \$7.25 per hour. Youth job title examples include: Bilingual Assistant, Camp Counselor, Library Assistant, Maintenance Worker, Museum Assistant, Nutrition Aide, Office Assistant & Sales Associate.

Through the SESPT Grant, LAII is coordinated a Biomass Sector project which started and completed in June. Frito-Lay, Inc. implemented a Biomass fueled boiler at its Topeka plant. Both supervisors and maintenance mechanics were trained on the operation and maintenance needs of the new boiler. By receiving financial assistance through the SESPT grant, the employer was able to provide the much-needed training to their incumbent workers so the transition to the new boiler would be seamless and efficient. The hourly pay for these workers was at a minimum, \$23 per hour.
