

Clearinghouse Components for Kansas

Primary Audience

Identified at 11/30/11 meeting: health care providers (public/private), workforce and economic development professionals, academia, policymakers, employers, job seekers, students, grant writers, foundations

{enter additional audience here}

Purpose

Identified at Symposium: Create an online health care workforce clearinghouse with a focus on securing data, identifying trends, creating a listserv and convening an annual workshop/conference with breakouts and training sessions from various stakeholders. The site should have information and activities relevant to members including job postings, grant/funding opportunities, and best practices. It should utilize social networking.

Clearinghouse Components

Complete the table below using the list of components identified at the 11/30/11 meeting or by adding a component you feel should be considered. Place the most important component in the first row and so on. Additionally, review other states' clearinghouse sites and provide at least one link to a site you feel best demonstrated the component. If you list more than one link, please list them in order of preference.

A list of clearinghouse sites may be found on the [HCWP Symposium Workgroup](#) site.

Components from 11/30/11 meeting (in no particular order): (1) data; (2) jobs; (3) bulletin board/announcements; (4) policies/initiatives; (5) publications; (6) resources; (7) education assistance; (8) conference/trainings/workshops; and (9) intranet/extranet/listserv.
